MEMBERSHIP

- Vice Mayor of the Akkar El Atika Municipality
- Member of the jury examination in the CSB (Civil Service Board) - Lebanon
- Member of the technical committee in minister of education and higher education – Lebanon
- Member of EdTech Syndicate in Lebanon
- Member of IEEE Engineering in Medicine and Biology Society (EMBS) – Lebanon Chapter

RESEARCH ACTIVITY

- Artificial Intelligence
- Machine Learning
- Smart Systems
- Cyber Security
- Localization Systems
- Multi-sensors Data Fusion
- Diagnostic Systems
- Fault Tolerance

EDUCATION

PhD in Computer Science

Automatic & Informatics, Computer Engineering, Signal Processing

University of Lille - Scinece & Technology

France

EXPERIENCE

Academic Position

- **Associate professor and Academic Advisor at Beirut Arab University (BAU)**
- **Researcher (CyberVision Lab at BAU, working in an international collaboration between: CRIStAL-DiCOT team - Lille University and INRIA-Nancy Larsen team)**
- Head of the Computer Science Department & Academic Advisor at Lebanese French University (ULF)
- Associate professor at Lebanese University (UL)
- Associate professor at Jinan University
- Associate professor at AUL university
- Associate professor at University of Tripoli
- Assistant professor at City University
- Lecturer at Ecole Nationale d'Administration (ENA)
- Lecturer at University of Balamand (UOB)

CERTIFICATIONS

- Qualification of doctorate
- Cisco (CCNA)
- Workshop on. Handicap, Motor System and Rehabilitation
- E-Health and Tele-medecine Workshop
- Scientific writing
- Training in contemporary methods of scientific publishing
- Social networks for educational purposes

AWARDS/HONORS AND PARTICIPATIONS

- Honored by IEEE Sensors Council for the paper "Elder Tracking and Fall Detection System Using Smart Tiles"
- Honored by the President of the Lebanese republic Michel Souleiman
- Participated as a Speaker in many conferences, seminars and workshops
